

The New 3M™ MPro120

The Latest and Greatest

3M pioneered the pocket projector; now we're making it even better.

The 3M™ MPro120 projects images from 8 to 50 inches (dim lights to project larger image sizes) and incorporates next-generation features, including built-in sound. It's also one of the most affordable full-featured microprojectors on the market.

Specifications:

Weight: 5.6 ounces (160 grams)
